*No.1 (by Thot): 4points:I remind Buddha by this because he taught much and said finally "think yourself and you can get self-confidense"to his believers(Kazz).This is a poetry of "freedom".No thinking is going to slavery.(Ping Pong) WRITER'S comments:I want to show the "MODERATION".*

*No.2 (by Hero): 2points:A poetry of the Thai festival "SONGKRAN"and please remember the word including a meaning of "expiation".(Ping Pong). WRITER'S comments:Many people will get angry if he was splashed suddenly but at the festival nobody get angry. If people is hardly to get angry our world may be more peaceful.*

*No.3 (by Ping Pong): 6points:Roman Catholic is wrong because they draw the face of GOD like a human. If GOD create all living thing his face shuld not be alike human.(Kazz) WRITER'S comments:*

*No4 (by ): 6point:the fourth line "path of faith" and fifthe line"place of peace"are rhymed and so nice to read.(Ping Pong).I felt old people often face to death and afraid of going to die this is very natural and writing it is honest.(Kazz) WRITER'S comments: I wrote two poetries and I want to be picked up both of them.=Mr.Kazz said "Now our way is a menber can contribute only one poetry for every month".*

*No.5 (by Kazz): 2point:This may be nice if I can read Japanese but I just only guess.(Thot) WRITER'S comments:This time I dare tried a poetry which is very hard to translate to English and joking.*
